**AMENDMENT**

In response to the Office Action dated July 17, 2001, please amend the above-identified application as follows:

**IN THE CLAIMS:**

Claim 1 has not been changed by this Amendment and remains as follows:

1. A grass-cutting head comprising:

a housing;

at least one spool placed in said housing and on which a cutting line can be wound;

a feed mechanism for feeding the cutting line from said spool;

5 a winding mechanism for rotating said spool from outside said housing to enable a supply of cutting line to be wound onto said spool without taking said spool out of said
